Harmon C. McAllister, Ph.D.
Research Director
The Council for Tobacco Research-U.S.A., Inc.
900 Third Avenue
New York, N.Y. 10022

Dear Dr. McAllister:

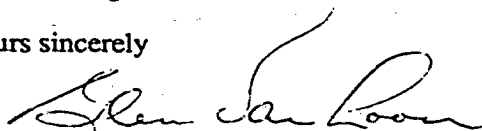

Thank you for the cheque to support the Nicotine Minisymposium at the WCBR in January 1989. Unfortunately, as I explained to your staff, this support cannot go directly to the WCBR since they will not distribute it as you request, but would use it for the general support of the meeting.

Thus, I am returning the cheque and asking that you issue another cheque in the amount of \$2500.00 to the Kentucky Medical Services Foundation. Please send a letter to Mr. Joe Harrison, Comptroller, KMSF, 729 South Limestone Street, Lexington, Kentucky 40508, stating that the \$2500.00 represents a gift or contribution from The Council for Tobacco Research-U.S.A., Inc. for partial support of the expenses of Drs. Leo Abood, Kenneth Kellar, Jack Henningfield and Glen R. Van Loon incurred by their participation in a minisymposium "Brain Nicotinic Receptor Mediation of Tolerance and Dependence" at the Winter Conference on Brain Research to be held at Snowbird UT., January 21-28, 1989.

Although you address the letter to Mr. Harrison, it would be better if you sent it to me and I will deliver it to him. I apologize for this inconvenience and ask your indulgence in this matter. Thank you again for the support of the Council for Tobacco Research.

With best regards.

Yours sincerely

Glen R. Van Loon, M.D., Ph.D., F.R.C.P.
Professor of Medicine and Pharmacology
Director, Division of Endocrinology and Metabolism
University of Kentucky
Associate Chief of Staff/Research and Development
Lexington Veterans Administration Medical Center
